

Dear Administrator,

This is the fourth year that I have worked with Matt Dunker here at St. Bonaventure School. I have also served as his mentor and actually had him as a student at our school. I find Matt to be conscientious and reliable, both as a teacher and as a co worker. He is always ready to give extra time to his students and to our school. This has been shown by his willingness to initiate and take a leadership role in several school-wide projects throughout his time here. He works hard to instill school pride in his students, and that reflects the pride he had for St. Bonaventure School as a student and now as a teacher.

Mr. Dunker relates well to his students who are motivated and engaged in his class. He worked hard to become certified in science and last year brought back a highly successful science fair to our school. He is quite adept in technology and uses it effectively in his classes. Matt often comes to the aid of teachers (myself included) when we need help with computers and Smartboards. In addition, he has good rapport and communicates well with parents.

In conclusion, although I would hate to lose Matt as member of our faculty and co worker, I would highly recommend him for a teaching position in your school district.
